Terry Yorath's View

Dear Supporters,

At Burnden Park, Bolton on October 31, 1987 we drew 1-1 to a team relegated to the Fourth Division at the end of last season for the first time in their 109 year history. Bolton are founder members of the Football League.

With a somewhat similar history to the Swans, they were relegated from Division One in 1980, we suffered the same fate in 1983, financial problems — the "Trotters" are now battling for promotion to Division Three.

We, likewise, are on course for the play-offs and casting aside the St. David's Day defeat by Colchester at the Vetch, subsequently we have shown excellent team spirit in our exciting away victories at Newport and Wrexham. Tonight, I am sure you will all realise the importance of a successful conclusion to our match with Bolton Wanderers and I appeal to you loyal supporters to get behind the Swans for the full 90 minutes.

Nevertheless, a warm welcome to the Bolton team, their manager Phil Neal, former Liverpool and England captain — look out for their John Thomas (22 goals) — enjoy yourselves.

I look forward to your support!

David Farmer writes...

BOLTON WANDERERS

Few clubs can claim that the first competition game they ever played against each other was in the Semi-final F.A. Cup. Yet that was the situation on a fateful March day in 1926 when the Swans faced a mighty Bolton team at White Hart Lane. Many years later Billy Hole recalled that the side 'froze' and Bolton scored three without reply to move on into the final.

There followed a period of seven seasons before we met again, this time in Division Two following Bolton's relegation. We did better this time, losing by the odd goal in Lancashire and drawing here at the Vetch.

Our last home game against 'The Trotters' was in 1985/86 in Division Three and produced one of our best results of Swans-Bolton games. We won 3-1 with Houghie playing a fine game in mid-field whilst scoring a tremendous goal. Our other two goals were scored by Will Foley and were the only ones he scored during his short stay at the Vetch.

The teams on that February occasion were:

SWANS

Hughes, Lewis, Sullivan, Price, Harrison, Emmanuel, Hutchinson, Foley, Gibbins, Waddle, Hough and McCarthy was sub.

BOLTON

Farnsworth, Scott, Neal, Thomson, Came, Sutton, Rudge, Oghani, Caldwell, Hartford, Bell, sub. Entwistle.

Asa Hartford scored Bolton's goal whilst the crowd was 4,242.

Reference to the back of my record card shows only two players who have worn the colours of both clubs. Both were Swansea boys and pre-war schools internationals. The war took five seasons out of their career but both sets of supporters will recall (at least the older ones will) Jackie Roberts and Ernie Jones. Ernie, by the way had the initials W.E.A. (a bit posh for a Cwmbwrla boy) and the Lancashire folk nicknamed him 'Alphabet' Jones.

Spotlight on the Reserves and Youth Teams

by Ron Walton

Reserves

Since I last wrote the Reserves have played Newport County at the Vetch with Sean McCarthy back after injury scoring the equalising goal in the 1-1 result. Gary Emmanuel returning after his ankle injury at Exeter City felt no ill effects after the match. At Hereford on Monday night we included first team players, Andrew Melville, Gary Emmanuel, Joe Allon, Keri Andrews and Phil Williams, Joe Allon scored both goals in our 2-1 win with Richard Mullen making his debut in goal for the Swans having a good game.

Injuries

Tommy Hutchison and David Hough still receiving treatment. Des Trick — injured neck, Simon Davey cracked bone and Wayne Davies virus infection are all making steady progress.

Youth Teams and Colts

Last Sunday we travelled to Merthyr Town and came away with a fine 6-1 victory. Goal scorers — David D'Auria (2), Ian Marsh, Julian Owen, Jason Prew and Ray Pennock. Simon Davey and Ray Pennock played well on their return to match fitness after injury.

We still top the Welsh National Under-18 League with only four matches remaining — Home and Away against Cardiff City, Newport and AFC Cardiff away.

Welcome to today's Visitors.

AFTER last season's relegation which put them into Division Four for the first time in their long history, **BOLTON WANDERERS** are making a strong attempt to regain Third Division status. Currently in third position, they had a disappointing result last Friday when they could only draw 1-1 with Darlington at Burnden Park, and they really need a consistent run at this stage of the season to establish themselves in the top three automatic promotion positions. In view of the current position amongst the clubs in the top half of the table, manager Phil Neal, the former Northampton, Liverpool and England full-back who was appointed in December 1985, will be well aware of the importance of tonight's game.

Ever-present in goal so far this season is former Welsh International **DAVE FELGATE**, now in his third spell with the Club with whom he began his League career. He's also played in various loan-spells for Rochdale, Bradford City and Crewe before a full transfer took him to Lincoln, loan-spells followed at Cardiff and Grimsby, and he went to the latter club on a full transfer before going on loan to Bolton and then Rotherham. It was in early February 1987 that Bolton signed him again, this time for £16,000 from Grimsby. Regular right-back since mid-January has been **PAUL**

HUGHES, captain of last year's successful youth team, and he made his debut just after Christmas. The experienced **DEREK SCOTT** has been at left-back since mid-January having switched from the right in which position he had played since just after the start of the season. Gateshead born, he made well over 300 league and Cup appearances for Burnley before being signed for £20,000 in June 1985.

Locally-born **JULIAN DARBY** has been in a central-defensive position for the last couple of games, though after starting the season at right-back, he's since been in midfield. A former apprentice who made his debut a couple of seasons ago, he took over in the middle of the back-four from former Winsford United player **MARK CAME** who has been suspended for the past two matches. Came, a regular since his arrival in 1984, is available tonight though he's been suffering from a flu virus recently. Skipper **DAVE SUTTON** has missed a few games this season in the middle of defence, partly through injury or suspension, and he's a former Plymouth and Reading player who was signed for £12,000 in the summer of 1985 from Huddersfield where he had spent a long period.

Other defenders who have played this season are close-season signing **DEAN CROMBIE** and ex-YTS signing **MARK WINSTANLEY**, while player/manager **PHIL NEAL** has made a few appearances in defence when injuries have left the squad short. Ex-Lincoln player Crombie, signed in the summer from Grimsby for whom he made over 350 League and Cup appearances, was the regular left-back to early December but then suffered an ankle injury which required an operation, and he could

be back in action in the near future, while Winstanley has made a few appearances this season and has been the substitute over the last couple of months including the last two games.

Close-season signing **GARY HENSHAW** from Grimsby, where he had spent five years, has played in most of this season's games, mainly on the right of midfield but occasionally in a central role, has been back in the starting line-up for the last few games after a spell on the substitute's bench. But an injury in last Friday's match saw him replaced by **STUART STORER** who was signed from Everton for £25,000 in early January since when he had a regular place in a right-side attacking role up to late February. He's a former Mansfield and Birmingham player who joined Everton with Wayne Clarke last March in a joint £300,000 deal, and he was on loan to Wigan from the start of this season to late October. Oldham-born former apprentice **STEVE THOMPSON** has missed only three games in midfield this season and he'll shortly make his 200th League appearance for the Club, while another midfield regular is **ROBBIE SAVAGE** who cost £35,000 from Bradford City in early September, and he had a few games at left-back midway through the season. He's a former Liverpool, Stoke, and AFC Bournemouth player who joined Bradford City during last season. On the left of midfield, Manchester-born **NICKY BROOKMAN**, who once had a spell as an apprentice at Newport County, has scored twice in the last two games and he's played in most of this season's matches on either the right or left flank, having made his debut in the last few matches of '86/87.

Bolton Wanderers

Youngster **IAN CALLAGHAN** made his midfield debut in a couple of December Cup and League games, but left-side attacker **JEFF CHANDLER**, the former Blackpool and Leeds winger who was signed from Derby in the summer for £30,000 in what was his second spell for Bolton, suffered a knee injury in only the fourth League and Cup game of the season, and he hasn't played since!

Top scorer with 22 League and Cup goals (seven of them penalties) is striker **JOHN THOMAS** who's missed just a few January games through injury. Originally with Everton, he had loan-spells with Tranmere and Halifax before first coming to Bolton. Since then, he's played for Chester, Lincoln and Preston from whom he was signed in the summer for £30,000. In most

of this season's matches, Londoner **TREVOR MORGAN** has played up front with him apart from a two month spell from mid October during which he was on the substitute's bench. He came into League football from Leytonstone when he joined Bournemouth to whom he returned after a brief spell at Mansfield. Since then, he's been with Bristol City, Exeter, Bristol Rovers and back to Bristol City from whom he cost £20,000 in the summer. Ex-Preston, Stockport and Lancaster City forward **IAN STEVENS**, signed last April, has had a few games this season, while experienced striker **STEVE ELLIOTT** had a regular run in the team from mid October to mid December. But the former Nottingham Forest, Preston, Luton and Walsall forward then had to drop out with an ankle

injury which required an operation which has since kept him out, though he is now on the way to a return.

Their Recent Record:

Jan 30 Peterborough (L) ...	A 4-0
Feb 6 Hereford (L)	H 1-0
Feb 12 Stockport (L)	A 2-1
Feb 20 Crewe (L)	A 1-2
Feb 27 Wolves (L)	A 0-4
Mar 1 Tranmere (L)	H 2-0
Mar 5 Carlisle (L)	A 2-0
Mar 11 Darlington (L)	H 1-1

This Season's Scorers (League and Cups)

In Profile - Peter Guthrie

Peter was born at Newcastle on 10th October 1961 and started his footballing career playing for Saint Mary's Technical School.

On leaving school he worked for Newcastle Recreation Department and played senior football for the local Whickham team in the North Eastern League. The team won through to the semi-final of the F.A. Vase and he said that it was a great disappointment to lose that match and the chance of a Wembley trip.

From Whickham he was signed by Weymouth in the GM Vauxhall Conference League where his professional career really took off — signing for First Division Tottenham on a £100,000 transfer fee.

With regular Swans goalkeeper Michael Hughes being forced out of football on medical advice Peter joined Swansea City AFC on loan from the Spurs and made his debut for us at Cambridge — keeping a clean sheet in our 3-0 victory.

Over 6 ft. and strongly built at 13 stone, Peter lives at Enfield and told me that he was very happy in

the friendly Vetch Field atmosphere.

We all wish him well — and good goalkeeping.

SCENE FOUR . . .

FEATURING NEWS
AND INFORMATION
FROM THE
FOURTH DIVISION

DIVISION FOUR SCENE with TONY NAKONECZNYJ

A warm welcome to our visitors Bolton Wanderers for this evenings important promotion tussle for a match that promises to be a game of good quality between two good footballing sides. Under the astute leadership of former Liverpool stalwart Phil Neal, the Wanderers are attempting to reclaim some of their former glory, and presently lie in third spot in the Fourth Division, with a five point advantage over the 'Swans'. Leading goalscorer John Thomas with 18 goals to his credit is the obvious dangerman, and the Lancashire side will undoubtedly be looking to improve on the 1-1 scoreline at Burnden Park last October when our lads very nearly brought home all three points.

Earlier in the week, Darlington improved their own promotion chances with a hard earned 2-1 home victory over Peterborough to move into eighth position in the table. Many observers felt that their recent £150,000 sale of leading goalscorer David Currie to Second Division Barnsley would effectively end their promotion challenge, but the club have since signed striker Paul Clayton from Norwich for a record £20,000 fee to underline their true intentions. By the way, the fee received for Currie represented a fair return for a player signed some 18 months earlier from neighbours Middlesbrough for a nominal amount.

After our disappointing 2-1 reversal against Colchester on St. David's day, I made another of my visits to Ninian Park later that week to see the Bluebirds take on Peterborough in what turned out to be a 0-0 scoreline. Cardiff, minus the silky skills of former Vetch favourite Alan Curtis, struggled to get a hold of the game, with the visitors content to play a defensive strategy, obviously a tactic forced upon them following the 5-0 defeat on their previous fixture against Scunthorpe. However, rather like ourselves, Cardiff bounced right back last weekend with a 2-1 away win at Edgar Street against Hereford with Jimmy Gilligan ending his recent barren run of no goals with the City equaliser after just 4 minutes before Bartlett popped in in the winner. In addition to the three points, victory was especially

sweet for Cardiff as Hereford had won in the earlier fixture at the City ground, which remains the Welsh clubs solitary home league defeat this season.

With the Fourth Division still seeming rather unpredictable, that is Wolves apart, there are some important fixtures also being played around the country this evening. Leyton Orient go to Halifax hoping to end their goalscoring drought of three goal-less games, despite their recent £25,000 signing of Millwall striker Michael Marks. Burnley make the relatively short journey to Edgeley Park to take on a Stockport side now undefeated in its last five games including the 1-1 scoreline here at the Vetch last month, whilst leaders Wolves also come to Wales to play bottom club Newport County. With just a dozen or so points separating the top half of the division, it seems highly unlikely that the promotion issues will be settled until the last Saturday of the season.

Finally, a vote of thanks to Swans supporters Mark and Melanie for arranging their wedding for tomorrow, knowing that this good planning allows me to be at the Vetch tonight and their marriage ceremony tomorrow afternoon!

THE VOICE OF
THE SWANS with
JAMES LEWIS

Football for the Family

The score was 2-2, and there were four minutes left to play this was obviously the moment for a manager to show all the powers of leadership and decision-making. So, as Enfield and Weymouth were locked in battle in the GM Vauxhall Conference, Enfield decided to make a substitution, to take off Nicky Francis. Unfortunately, David Jones, the trainer, couldn't find the number boards used for summoning a player from the pitch. He scampered off to fetch them ran back to the bench — and found that things had changed. Enfield were indulging in the ritual orgy of congratulation. They had scored a late-winner. The goal-scorer? Nicky Francis!

I hear that Watford's brilliant idea of installing a "Hornet Hotline" — packed with player news and match reports — has been slightly foiled by the letter announcing the innovation. A list of club personnel printed at the bottom includes "Manager - Dave Bassett".

Transfer barter deals in football are nothing new, but surely Juventus being prepared to pay the price of a Fiat factory in Rumania just to get their hands on Steava Bucharest's Georghe Hugi must be one of the most dramatic yet.

But, there are others. When Millwall's goalscorer, Tony Cascarino, moved from Crockenhill in the Kent League to Gillingham, he cost 12 tracksuits and a hunk of corrugated iron. Bedford, now defunct bought the defender Bill Baldry from Cambridge for a crate of champagne. Ron Atkinson, was the Cambridge manager at the time!

And in the pre-agent days of the past, a club chairman who owned a shoe factory was approached by two players seeking "encouragement" to transfer to Arsenal. Obviously they had different begging

techniques. One player emerged with a shoe box full of cash, the other clutched a pair of ladies shoes — size five!

Finally as Liverpool march on, F.A. Cup opponents Nottingham Forest might like to take Alan Ball's advice on how to beat them . . . "take the air out of the ball", he quipped!
